In addition, i am already requesting for a meeting with the head of CENRO Mimaropa so can discuss properly all the issues on the submitted plan which CENRO Regional did not reply or provide feedback if indeed there was rejection on the submission.

The letters we submitted which originated from Dayanghirang Surveying Firm based in Mindoro pointed out that documents were forwarded to CENRO to secure approval but the government agency did not provide any update on the request or provide rejection letter for that matter.

In this regard, we are asking for your diligence to review the documents we submitted for appropriate feedback.

Maraming salamat po.

We are waiting for the latest update on this as we were able to forward documents that prove that there were endorsement made by CENRO San Mariano to the Region.

Also, there were no letters of rejection as claimed by the surveyor whom we endorsed this project.

Appreciate it if you could check all the documents we submitted to your office and have them reviewed carefully.

We do hope that you could enlighten us on this.

Good Afternoon again,

Please review the content of the memo dated March 24, 2013 signed by Engr Dayanghirang and acknowledged by CENRO San Mariano.

Also attached is a certification signed by Mr Isagani Manalili of CENRO regarding Lot/ Survey No 840 and 841 CAD 506 D dated March 6, 1924.

We do hope to that these documents will shed light and will provide clear direction to this application.

Please see other reference memos attached to this communication also.
