Dear Dir. Ferrer:

With the passage of Republic Act No. 11285 or the Energy Efficiency and Conservation Act (EEC Act), the Department of Energy (DOE), as lead agency, is tasked to institutionalize energy efficiency and conservation as a national way of life geared towards developing our country.

In line with this, the DOE, through its Energy Efficiency & Conservation Public Sector Management Division (EPSMD), will conduct virtual Information, Education and Communication (IEC) campaigns that aims to educate the public sector on the benefits of energy efficiency and conservation.

In this regard, we would like to invite you and your representatives to participate in our virtual IEC Campaign to be held on May 27, 2021 at 9:00 AM to 12:00 NOON. You may register through the online form via <http://bit.ly/IECregistration27052021>. Your agency may send up to 3 participants. The activity will be conducted virtually through MS Teams, an application which is downloadable through cellphones or laptops. We will provide the link to the webinar platform upon registration. Please see Attachment – IEC Program.
