FROM : **The Undersecretary**  
Finance, Information Systems and Climate Change/  
Coordinator of Crisis Knowledge Management and Data Collection  
Coordination Group

SUBJECT : **DASHBOARD ON THE REAL-TIME MONITORING OF COVID CASES**

DATE :

In compliance with DENR SO 2021-201 *Creation of Crisis Management Committee and Working Groups* responsible for actions related to implementation measures during the Covid-19 pandemic, the Statistics and Data Resource Management Division (SDRMD) of the Knowledge and Information Systems Service (KISS) developed a DENR CO Covid-19 Monitoring Dashboard to provide a one-screen view of the status and real-time monitoring of COVID-19 cases in the DENR Central Office. Information available in the dashboard are:

- Number of cases: total, active, recovered, died
- Daily confirmed cases
- Sex of affected employees
- Age of affected employees
- Health status of affected employees (asymptomatic/symptomatic)
- Comorbidity of affected employees
- Number of confirmed cases in the barangays, where affected employees reside
- Residence of affected employees
- Office/Service where affected employees report to

Seeing the objective of the Covid Monitoring Dashboard for evidence planning and decision making, there is a need to expand the existing CO dashboard to cover national data that can be accessible by the bureaus, attached agencies and Regional Offices.

In this regard, we would like to ask for the personnel handling Covid Tracking in your office to attend the presentation of the Covid Monitoring Dashboard and action planning on **May 28, 2021 at 10:00 AM** via zoom **Meeting ID: 984 8328 2020** and **Passcode: Covid19**.

For your information.

  
**ATTY. ANALIZA REBUETA-TEH, CESO I**
