Department of Environment and Natural Resources
PENRO Marinduque

April 22, 2022

FOR	:	Assistant Secretary for Policy, Planning, and Foreign-Assisted and Special Projects, and Forest Management Bureau Director, in concurrent capacity
THRU	:	The Regional Executive Director DENR MIMAROPA Region
ATTENTION	:	The Enhanced Forest Information System (eFIS) Focal
FROM	:	The OIC – PENR Officer
SUBJECT	:	**CLARIFICATION ON THE IMPLEMENTATION OF THE ENHANCED FORESTRY INFORMATION SYSTEM (EFIS)**

In line with the implementation of the Enhanced Forest Information System (eFIS), this Office would like to clarify and address some concerns that need your official responses, to wit:

1. Are Tree Cutting Permits (TCPs), Special Tree Cutting Permits (STCPs), Certificate of Verifications (COVs), Clearance to Cut, and other related permits should be encoded in the eFIS? If so, in what Tenure Classification/Type should these be encoded;

2. Is it required to accomplish the Manual Data Entry (MDE) form before encoding the tenure in the eFIS? If so, may we request for the MDE form for Private Tree Plantation Registration (PTPR); and

3. Based on the CY 2022 SPMS Indicators, *100% of basic information of all issued tenure instruments and Private Tree Plantation Registrations (PTPRs) updated in eFIS within seven (7) calendar days upon receipt of the approved agreement/registration.* As per Scope of Coverage, this covers newly approved tenure and PTPR, does this mean that only newly approved and issued tenure and PTPRs will be encoded in the system, and those previously approved and issued tenures will not be covered, encoded and submitted in the eFIS?

For information and favorable response.

"For and in the absence of the PENR Officer"

SIMEON R. DIAZ
Land Management Officer III
In-Charge, Office of the PENRO
