Dear Madam,

Greetings of Peace.

I am Reisel Ruth Regio, a student of Bachelor of Science in Biology at Southern Luzon State University. I, together with my thesis partner, Abigail J. Marbella, are currently conducting a research study entitled "Morpho-Anatomical Adaptation of Rhizophora sp. to Heavy Metal Contamination at Calancan Bay, Brgy. Ipil, Santa Cruz, Marinduque" as a partial fulfillment of our requirement for BIO102 Thesis 2.

In connection with this, we have been advised by PENRO Marinduque to get a Gratuitous Permit (GP) from your good office. Thus, we hope to inquire if it is alright to send the requirements through shipping and courier services due to the distance of travel as I reside in Santa Cruz, Marinduque. I would also like to ask how much is the payment fee and if the payment fee can be sent with the requirements through shipping and courier services as well.

We are hoping for your positive response on this humble matter. For further questions and responses to our queries, please contact me at this email, reiselruthregior@gmail.com or at 09087102002.

Thank you very much.

Respectfully yours,

Reisel Ruth Regio
