Dear **DIR CLAUDIO**,

In December 2021, Typhoon Odette has devastated six regions including MIMAROPA that resulted to massive damages in infrastructure, housing & settlement and agriculture.

The said disaster event warranted the conduct of PDNA as well as the development of RRP which includes the priority rehabilitation and recovery projects in our region. As part of the communications strategy, Office of the Civil Defense MIMAROPA will conduct the **Rehabilitation and Recovery Forum 2022 in Palawan (Blended) on September 5-7, 2022** (inclusive of travel time) in a hotel to be announced later. The said event is to provide updates on the rehabilitation interventions for TY Odette. Final details and program of the forum will be provided once finalized.

In this regard, we would like to invite one (1) representative to participate in the above-mentioned forum.

Meals and hotel accommodation will be shouldered by the Office of Civil Defense MIMAROPA while travelling expenses to and from the venue are chargeable to the participants' respective local funds.
