Database Management Officer

Regarding: Request For The Certification of Survey Claimant

To Whom It May Concern;

Hello Madam,

Greetings to the honorable Regional Executive Director of DENR I hope you are well. I’m Kathleen Martinez (JD/LL.M), legal age, Filipino citizen, and residing in Manila. I am educated abroad and a stakeholder of a venture company in Singapore that has an interest to relocate to the South Region of the Philippines to build a small resort & villa that would add value to the economy of my home country.

My first selection is the province of Palawan, however, after I sent my trustee to Bataraza and Brooke’s Point to check beach properties, I got confused about who are the lawful owners and authorized sellers of the described properties below. In order not to be scammed for buying properties that are not the lawful owners may I respectfully request your good office to provide me with the following?

1. The Certification of Survey Claimant of the following lots;

BATARAZA CADASTRE CAD 795-D CASE 17, C.M.8°27’N.117°13’E	Lot Numbers:
	6568
	6569
	6783
	6782
	6781
	6780
	6694
	6709

2. Certification of Land Status of the above, *if possible*.

The purpose of my request is for reference only and I trust so much you shall approve this request, madam.

Thank you. I look forward to receiving a response from you. God bless!

Sincerely,

Kathleen Martinez
