Dear Sir/Madam:

This refers to the strategies of the Department to adopt climate risk lens in programming, investment planning and policy formulation and risk-based assessment of the ecosystems and natural resources to manage the uncertainties.

May we inform you that you can claim your physical copies of the Philippine Climate Extremes Report 2020 from the Climate Change Service, DENR Central Office. Said report presents information on historical and projected annual climate extremes indices of the country and demonstrates their relevance to sector-specific climate impacts assessment. Due to limited copies, please be guided by the following distribution per Region:

One (1) copy for the RED

One (1) copy for each PENRO within the Region

Five (5) copies to be shared among key CENROs, that the RED will identify

For the DENR NCR, a copy each should be given to your key field officers.

For your information.

CLIMATE CHANGE SERVICE (CCS)

Department of Environment and Natural Resources
