SUBJECT : **SPOT REPORT RE: APPREHENDED UNDOCUMENTED
LUMBERS OF AMUGIS, DITA AND IPIL SPECIES AT PUROK
MASAGANA, IRAWAN, PUERTO PRINCESA CITY**

Respectfully forwarded is the memorandum dated September 02, 2022 from CENRO Puerto Princesa relative the above subject.

Based on the report, on September 01, 2022, at around 1:00 P.M., the MES personnel of CENRO Puerto Princesa received a report from concerned citizen regarding the alleged cutting of trees within the area of Palawan Flora and Fauna Watershed Reserved Project in Barangay Irawan, Puerto Princesa City.

Immediately, the Sicsican Monitoring Team conducted monitoring and surveillance within the vicinities of PFFWRP and spotted a stockpile of freshly cut lumbers inside the premises of a house. The house caretakers identified as Donna Jarmin and Bryan Binalla and said that the area is owned by a certain Allan Naraga. The house of Mr. Naraga is a few meters away from the riverbank and it is within the 40 meters easement zone inside the PFFWRP.

The team apprehended the undocumented 170 pieces lumbers of Almaciga, Dita and Ipil species with corresponding volume of 1,400.15 board feet and thereafter brought to CENRO Puerto Princesa for safekeeping purposes.

For information and further instruction.
