MEMORANDUM

FOR : The Regional Executive Director
DENR IV-B – MIMAROPA

FROM : The Assistant Secretary for Policy, Planning and Foreign Assisted and
Special Projects, and Director, in concurrent capacity

SUBJECT : **TOTO-P-DIGON DENR-DILG-DPWH-PLANT TREES TO
PREVENT SOIL EROSION LANDSLIDE-19 JANUARY 2022**

DATE : **FEB 16 2022**

We are referring the letter dated 19 January 2022 from Mr. Pedrito M. Nepomuceno, the former Mayor of Boac, Marinduque, regarding their request to plant trees or bamboo at Mataas na Bayan cliff in Boac, Marinduque.

In this regard, kindly conduct an assessment if the suggested planting of trees or bamboo is feasible, determine the suitable species in the area, and provide other assistance to Mr. Nepomuceno, if necessary. Also, please coordinate with the concerned government offices and stakeholders for a more efficient and collaborative implementation.

Further, there is a budget allocated for the establishment of nursery in PENRO Marinduque for CY 2022 that could be one source of planting materials.

You may coordinate with Mr. Nepomuceno through the following contact details:

- Name: Pedrito M. Nepomuceno
- Address: 4F R.G. Castelo Bldg., Barangka Ilaya (EDSA)
1550 Mandaluyong City, Metropolitan Manila
- Email: pedritomnepomuceno@yahoo.com

FOR YOUR APPROPRIATE ACTION, PLEASE.

MARCIAL C. AMARO, JR., CESO II

Attention: THE SECRETARY SECRETARY
Department of Public Works and Highways

SECRETARY ROY CIMATU

Department of Environment and Natural Resources

Subject: Planting of trees and bamboo along the roads to prevent soil erosion/landslide

Dear President Rody:

May we respectfully share with you the herein beautiful picture of a road in Bohol with many trees planted on its sides. With its look, surely, these trees were planted on purpose. In this regard, may we recommend that planting of trees along the roads be institutionalized and be a parts od yearl program by the DENR and DPWH in coordination with the DILG.

Bohol, Philippines

Incidentally, may we respectfully revive and reiterate our request for the planting o trees or bamboos at the Mataas na Bayan clif in Boac, Marinduque. If we may recall, the DPWH has constructed a flood control dike at this side of the Boac river to stop the continuous soil erosion that has eaten up the cliff and putting the resident of Mataas na Bayan up the cliff in danger. We are hoping that this time we will be able to get you approval for the sake of the residents of Mataas na Bayan as we believe they are always at risk from soil erosion/landslide.

Thank you for your kind
attention and consideration..

Very truly yours

For Good Government.

Subject: 31 Dec 2020 Landslide at Balanacan Zigzag Road

Dear President Rody:

*We came across the following news, Re: "31 Dec 2020: Landslide sa Balanacan, Mogpog, Marinduque", (we are unable to upload any picture as the report came out in video form) which we would like to share with you and take this opportunity to **renew our proposal for the construction of canals and drainage system including strengthening of soil for** the purpose of preventing soil erosion and landslide before the actual road construction commenced. Landslides are common happenings nowadays everywhere due to soil volatility especially in denuded mountainous areas.*

Marinduque News

[tSptonsor6edfht](#)

31 Dec 2020: Landslide sa Balanacan, Mogpog, Marinduque

PANOORIN: *Sa kasagsagan ng bisperas ng bagong taon, gumuho ang lupa sa bahaging ito ng Balanacan Road sa bayan ng Mogpog, Marinduque ngayong Huwebes. Samantala, ayon sa DPWH-Marinduque ay passable na ang daan as of 11:15 a.m. (Video courtesy of Ronalyn Morong)*

We would like to thank the DPWH Marinduque for immediately clearing the landslide and making the road passable again.

Lastly, as we have suggested before, we would like to renew our proposal for the establishment of a DENR nursery in every province with the purpose of propagating bamboo and other trees that may be used to control erosion and landslide.

Thank you for your kind attention.

Very truly yours

For Good Government.
