

**Blue Horizon: Ocean Relief through Seaweed Aquaculture in Southeast Asia**  
**Validation Workshop**  
**18 February 2022, Friday, 9-12am**

## Background

The project, Blue Horizon: Ocean Relief through Seaweed Aquaculture in the Philippines and Vietnam is designed to create new sustainable seaweed value chains that will deliver ecosystem services and provide socioeconomic benefits.

The project has four components:

1. Regional capacity building for seaweed aquaculture
2. Enabling Environment for Seaweed Aquaculture in Philippines and Viet Nam
3. Seaweed Value Chains (production + processing)
4. Knowledge Management, M&E, and IW Learn

## Workshop Objectives

The project preparation grant (PPG) process is in its final stage. The workshop aims to review the draft project document before finalization and submission.

Specifically, the workshop aims to:

1. Present and validate the draft project document and explain its key features
2. Solicit feedback and comments from stakeholders on the key project features and proposed institutional arrangements
3. Explain next steps for the finalization and submission of the ProDoc

## Target Participants:

Participants for this validation workshop are expected to come from key national and regional government agencies, non-government organizations, academe, research institutions, seaweed farmers' cooperative, private sector
