MEMORANDUM

FOR : The Regional Executive Directors
DENR Regions I to XIII, CAR, MIMAROPA and NCR

FROM : The OIC, Director

SUBJECT : **INVITATION TO THE SELF-PACED E-LEARNING CAPACITY BUILDING ON PUBLIC-PRIVATE PARTNERSHIP 101**

On August 9, 2021, the DENR-BMB entered into a partnership with the Public-Private Partnership Center (PPPC) for the development of guidelines on public-private partnerships in protected areas pursuant to the NIPAS Act, as amended. The partnership also confirms the PPPC's support to building the capacities of the DENR and concerned implementing agencies in structuring and designing PPPs in protected areas, with main focus on resiliency, safety, as well as conservation and protection of protected areas and natural resources.

Relative to the above, the BMB and PPPC with the assistance of BioFin Project will be conducting a two-week e-learning activity on the basic concepts and processes involved in the PPP which are vital in developing the framework for public-private partnerships in our protected areas. The said activity is composed of five (5) modules and were designed for self-paced learning using short animated videos and document references. Assessments will be undertaken at the end of each module to monitor learning progress of the participants. Detailed information about the modules are provided in the attachment. For further information about the platform, you may visit <https://bit.ly/PPPCapB>.

The said learning activity is scheduled on **14-25 February 2022** with target participants from the legislated protected areas preferably the PASus and other interested PAMO staff, CDD staff and concerned Divisions from the BMB and BioFin Project. In this regard, may we request the aforementioned target participants from your respective Regions to fill-out the matrix found on this link, <https://bit.ly/PPP101Pax> **on or before February 4, 2022**. The BMB, PPPC and BioFin will be coordinating with the participants for further details about the activity, hence may we request them to provide their active email addresses.
