### ENVIRONMENTAL FORESTRY PROGRAMME

---

February 21, 2022

**LORMELYN E. CLAUDIO, CESO IV**

OIC Regional Director

DENR MIMAROPA

1515 L & S Building, Roxas Boulevard

Ermita, Manila

**Dear Director Claudio:**

The Environmental Forestry Programme of the College of Forestry and Natural Resources thru the University of the Philippines Los Baños Foundation Inc. is implementing a project on the Formulation of Integrated Water Resources Management Plan (IWRMP) for the Caguray River Irrigation System (RIS) located at Magsaysay, Occidental Mindoro from February 2022 to July 2022. Using the watershed approach in the formulation of the integrated water resources for the Caguray RIS, the Team will be needing the Caguray Watershed Integrated Management Plan. Per initial communication with CENRO Efren de los Reyes the draft IWMP was already submitted to the Regional Office at R4B for review and approval.

In this connection we would like to seek permission from your office to use the draft IWMP as reference in the formulation of the Caguray RIS IWRMP.

We look forward to your favorable response to this request. Thank you very much.

Very truly yours,

**ROGER A. UYJUN JR.**

Professor and Project Leader
