CELEBRATION ACTIVITIES, AND OTHER MATTERS

DATE : 28 February 2022

Proclamation No. 224 dated December 16, 1977 ("Declaring the First Week of March Every Year as Women's Week and March 8, 1998 and Every Year Thereafter as Women's Rights and International Peace Day) and **Proclamation No. 227** dated March 20, 1998 ("Providing for the Observance of the Month of March as Women's Role in History Month") enjoin the nation to celebrate and conduct activities that will highlight the participation and contribution of women to nation building as trailblazers and harbingers of change.

This year's theme, "*Women make change amidst climate crisis and Covid-19*" is a pronouncement of women's capability and leadership to perform concrete, sustainable and inclusive actions toward responding to the challenges of climate change, disasters and the pandemic. Such women resilience is worthy of recognition. Also, the continuous struggle for equality by women and men is real, and there is need to continually highlight the efforts to provide opportunities for economic and social empowerment.

The DENR National Gender and Development Focal Point System through the DENR Gender and Development Office shall spearhead this year's celebration at Central Office with the attached:
