To Whom it May Concern:

Following our group discussion with TIEZA and DENR in October 2021 regarding the Master Layout Plan for development of the Silent Resort in San Vicente, we submitted a revised plan to TIEZA in December 2021.

We now understand that the revised plan should have been submitted to DENR.

Please find the revised plan for the Silent Resort development on the San Vicente property attached for your review and comment.

Of particular note is that the access to the marina has been modified to use the existing river.

Thank you in advance; and we look forward to your review and comments.
