MEMORANDUM

FOR : All Regional Executive Directors
All PENROs
All CENROs

FROM : The Assistant Secretary for Policy, Planning, and Foreign Assisted
and Special Projects, and Director, in concurrent capacity

SUBJECT : **INVITATION TO JOIN THE TREE HUGGING CAMPAIGN ON
14-18 FEBRUARY 2022**

DATE : **FEB 02 2022**

The Tree Hugging Movement is a passionate action towards the protection and conservation of forests. The movement originated in the 1970s in Northern India known as the “Chipko Movement” which saved the forests by emphasizing the interdependence of humans and the environment. Furthermore, tree hugging has a number of health benefits. Study shows that hugging a tree increases levels of the hormone that is responsible for the calmness and emotional well-being of a person. Hugging a tree and spending time around trees can lower blood pressure and heart rates, improve immunity, and reduce stress and anxiety levels.

As part of the awareness raising efforts on the importance of nurturing forests and the benefits of tree hugging to a person’s well-being, the Department of Environment and Natural Resources (DENR), through the Forest Management Bureau (FMB), spearheads the conduct of an awareness campaign entitled “**Tree Hugging Campaign**” on **14 to 18 February 2022**. Specifically, the activity aims to achieve the following objectives:

1. To promote the social/health benefits that we can derive from nurturing trees/forests;
2. To raise awareness on the importance of tree hugging movement; and
3. To introduce an alternative way of celebrating Valentines Day (February 14) by showing and expressing the love and care for the environment through tree hugging.

In this regard, all DENR Field Offices are hereby invited to join the Tree Hugging Campaign. The mechanics on how to join the campaign is enclosed in this Memorandum for your information and ready reference. All Field Offices are also encouraged to display the prescribed tarpaulin (see attached design) to mark the said celebration in their office premises.
