**NOTES:**

Prior to the monitoring activity, an orientation will be conducted with the following objectives:

1. Provide a background on the legal basis of MMT activities;
2. To appreciate the MMT's role in ensuring that the processing plants are operating in a socially acceptable and environmentally sound manner;
3. To introduce the MMT Manual of Operation (MOO);
4. To commit individual MMT member's adherence to their specific duties and responsibilities, and to the norm of ethical standard in MMT monitoring, as contained in the MOO; and
5. To foster camaraderie and teamwork among MMT members.

Logistical needs of this undertaking such as food, transportation, internet connection and materials shall be shouldered by the company.

We are looking forward to your active participation and cooperation in this endeavor.
