**HAYDEE L. MADRIÑAN**  
SS Principal II  
Quezon National High School  
Quezon, Palawan

Dear Principal Madriñan:

Greetings!

This pertains to the **CUTTING CLEARANCE** issued by the DENR-MIMAROPA Regional office on March 10, 2021 in favor of Quezon National High School represented by Mr. Anthony Flores. The Clearance covers the cutting of seventy-nine (79) planted trees of various species within the school premises.

In this connection, please be reminded of the seedling replacement consistent with DENR Memorandum Order No. 2012-02 dated November 05, 2012 known as "*Uniform Replacement Ratio for Cut or Relocated Trees*". With this, the Quezon National High School is required to replace each tree to be cut with fifty (50) seedlings, preferably indigenous species (ex. Narra, Ipil, Amugis, Nato, Apitong, etc.) with at least one (1) meter in height to be donated to CENRO Quezon.

Considering that the Clearance has long been issued to Quezon National High School having an ample of time in raising of the required replacement seedlings, our Office is assuming that the required number of replacement seedlings will be donated to CENRO Quezon on or before June 2022. This is to take advantage on the start of rainy season which is favorable in the establishment of plantation.

Our field personnel in coordination to your office will be conducting a series of progress monitoring on your raised seedlings for our reference and further action.

We trust that you are properly informed.

Very truly yours,

  
**LEONARD T. CALUYA**  
CENRO
