Good day!

We would like to inform your office that in the Barangay Banca - Banca of Puerto Princesa City, Palawan, someone is holding a long-tailed macaque on the house. This monkey is captured from the wild and must be returned back to the wild.

We would like to ask your office to take an action to return the long-tailed macaque back to the wild life.

We attached photos of the monkey and a driving directions - how to find that place. The monkey is tied on a rope outside the house, so it can be seen from the main road (Jacana Road).

Thank you
