Dear Colleagues from the DENR Regional Offices,

The World Wetlands Day is celebrated every year on February 2nd to highlight the vital role of wetlands in sustaining humanity and nature. This year's theme "Wetlands Actions for People and Nature" is a call to action for wetlands and an appeal to invest financial, human, and political capital to save the world's wetlands from disappearing and to restore those we have degraded.

For this year, the Biodiversity Management Bureau (BMB), in coordination with DENR Region 6 and Boracay Inter-Agency Rehabilitation Management Group (BIARMG), will showcase the partnerships for the conservation of wetlands in Boracay Island. One of the highlights would be the **Boracay Wetland Conservation Park Turnover Ceremony** to commemorate the partnership of the Energy Development Corporation (EDC) and DENR in the rehabilitation of Boracay Wetland No. 2.

In this regard, we would like to invite you to join us virtually on February 2, 2022, 9am to celebrate the 2022 World Wetlands Day which will be streamed live via the official Facebook page of BMB (<https://www.facebook.com/denrbiodiversity>). Please see the attached program of activities for your reference.

For any related query, Ms. Lei Gabo (leiesther.gabo@bmb.gov.ph) of this Office may be contacted at +632 925 8951.

Thank you and we look forward to your continuous support of these endeavors.

--Biodiversity Management Bureau
