Good day Mr. Carandang,

Sir I'd like to follow up status of my complain regarding below, does the culprit received any memorandum from your office to explain of his anti-environment deed?

I believed that it is DENR credo to live a low carbon life-style and what he has done is a NO-NO to the office that he has taken ought.

Sent from my Samsung Galaxy smartphone.

To all concerned,

RA 7183 and Executive Order 28 states clear regulation on the used of fireworks, as this when used has chemical reactions, that are poisonous to mother earth as a whole. Though used very occasional and short period of time does still has bad effect in air, water and soil. Smoke and chemical such as carbon mono, Dioxide and nitrogen as main content that has impact on climate change.

Attached herewith are pictures I have taken during my visit at our resort on the 1st day of 2022 just in front of Rodney's shelter, I still wondering why a certain government personnel working mainly concern with the protection of environment do so, the one who violates it, none of the wife or husband disagree? Allowing the use of BELT OF JUDAS, imagine the smokes it emits...

The family who rented our resort during new year, who told me that it was from resident in front of us w/c is Verian RESIDENT and no other.

I was grown in an ERA of former Mayor EDWARD HAGEDORN, an active youth volunteer during the days... I have no wisdom of allowing violations especially when mother nature is at stake.

I am just concern of my environment.

Mr. Elbert Reynoso  
Villa Alexa -OIC

Good Morning Mr. Felizardo,

May I brought to your attention as my last resort reporting the works of one of your employee, certain Rodney Verian resident of Tambis Road San Jose PPC, ATTACHED HERewith PICTURES as proof of evidence what he is doing in public area in front of his resident adjacent to ours, DENR personnel should be the first person to show good example in treating the environment, but Mr. Verian is the sole author of his own mess, this are the left over of his good renovation dislodged in front of his shelter at public road.

This hinders our progress to develop a rented parking space in the inner area, we cannot process development of road as his inoperative car for years are in the road.

This has been brought to the barangay level but Mr Verian are ignoring frequent reminder of the barangay to remove his KALAKAL in the area.

Further Mr. Verian violates the government campaign "tapat ko linis ko" w/c is penalizes 200php per day, he ignore this mess for years and months.

As of this writing still his mess is untouchable in the area.

We ask for your immediate action on this matter.

Yours truly.
