Subject: Transport permit inquiry

Good afternoon ,

We have a tree plantation in Palawan , we have been transporting trees within Palawan since year 2006 or 2007 , we have tree

Plantation certificate and tree cutting clearance permit , our tree farm has been geotagged , we are trying to secure a transport permit from brooke's point puerto princesa and was told we have to do inventory every 5 ? Is there a memo regarding this?

Because I was told when we secured the tree cutting clearance permit that it is only needed to be secured once and the purpose of the geotag is so denr can see satellite images of our area nalang. Our trees were planted on our private property.

Pandemic po , wala po kaming pang gastos para magpa re inventory

Seeking your guidance on the matter

Thanks ,

Karen M. Soriano
