TO THE REGIONAL EXECUTIVE DIRECTOR

ATTENTION: The Chief, Survey and Mapping Division

Greetings:

This is a follow up of my Petition to Correct CAD 1037-D to conform to the earlier survey which is BLii 10956. It has come to my attention that a Survey Report (ATTACH HERewith IS THE COPY OF THE REPORT) of the VERIFICATION SURVEY conducted by GEODETIC ENGINEER MARIAN LACHICA showing the discrepancy between the two surveys has been submitted to your office as early as October 07, 2019. Unfortunately, the said Report was only given to me last week by the PENRO Office.

In view thereof, the undersigned would like to know your course of action to my Petition which has been pending in your Office since 2019.

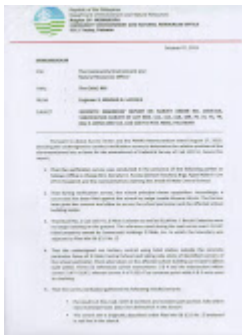

Hoping for immediate and positive action on this matter..

Truly Yours,

JUDGE LOVELLE MOANA REYES-HITOSIS  
MCTC CORON-BUSUANGA-LINAPACAN, PALAWAN
