Good Day!

I am Christine Ann Nicdao, an incoming fourth-year undergraduate student at Technological University of the Philippines – Manila, taking up a Bachelor of Science in Environmental Science. I would like to express my utmost interest in applying for a Supervised Industrial Training (SIT) or on-the-job training program in your office in partial fulfillment of our degree. Our curriculum requires us to complete 200 hours of training in the field, starting this July until August of 2022, and your company seems to be a perfect fit for the program I am taking.

I have attached my Curriculum Vitae along with this email, and I am looking forward to your response to this email.

Sincerely,

Christine Ann Nicdao
