## MEMORANDUM

FOR : The Regional Executive Director  
DENR MIMAROPA Region  
1515 L&S Bldg., Roxas Blvd.  
Ermita, Manila

FROM : The Director

SUBJECT : **WITHDRAWAL OF UNUSED ALLOTMENT TO COVER THE  
INSPECTION, VERIFICATION AND APPROVAL OF SURVEY  
(IVAS) OF GOVERNMENT OWNED LANDS (GOLs) FOR CY 2021**

DATE : **JUL 20 2022**

This pertains to your Memorandum dated 26 April 2022 forwarding the Memorandum dated 14 December 2021 from the Land Policy and Planning of the Land Management Bureau (LMB) addressed to the DENR Financial and Management Service regarding the request for withdrawal of the unused allotment to cover the inspection, verification, and approval of survey (IVAS) of Government-Owned Lands (GOLs) for CY 2021.

Relative to this, please be informed that this Office has coordinated with the DENR Financial and Management Service (FMS) regarding the matter. Upon review of the available documents provided by the FMS, it is noted that you initiated to return the unused funds amounting to Php1,546,230.00 and retain the Php106,470.00 corresponding to the 598 hectare-target for IVAS of the Department of Agrarian Reform MIMAROPA Region through a Memorandum dated 27 October 2021. However, according to FMS through a Memorandum dated 16 December 2021, the unused allotment is not recommended for withdrawal.

This is to reiterate our position that the BPR is **withdrawn from** "sale, settlement or **any other form of disposition**, exploration or exploitation and reserve as a pasture reserve" pursuant to Presidential Proclamation No. 1387, s. 1975.

With regard to the non-withdrawal of IVAS allotment, it is recommended for DENR MIMAROPA to discuss this with LMB.

SUBJECT : **DENR-REGION IV-MIMAROPA REQUEST FOR THE  
WITHDRAWAL OF ALLOTMENT AMOUNTING TO PHP  
1,546,230.00 RELEASED TO COVER THE INSPECTION,  
VERIFICATION AND APPROVAL OF SURVEY (IVAS) OF  
GOVERNMENT-OWNED LANDS (GOLs) FOR CY 2021**

DATE : December 14, 2021

This refers to the Memorandum dated 27 October 2021 from Region IV-B to the Director of Financial and Management Service on the above subject, which was forwarded to our office last 06 December 2021 for review/comment and recommendation.

Upon review of the documents, we have noted that the request for the withdrawal of the allotment was based on the target provided by DAR-Region IV-B of 598 hectares wherein the equivalent budgetary requirements is not commensurate to the released SAA amounting to Php1,652,700.00. However, please be informed that the downloaded budget to DENR-Region IV-B amounting to Php1,652,700.00 per SAA No. CO-R4B-101-2021-06-422 dated June 11, 2021 was authorized primarily to cover the IVAS of GOLs based on the breakdown of DAR's CY 2021 GOLs target as provided by Atty. Elmer N. Distor, OIC, Undersecretary for Field Operations Office of the Department of Agrarian Reform (DAR) to the National Coordinator, DENR-CARP dated 26 April 2021, one of which is the Busuanga Pasture Reserve in Palawan with an area of 9,022 hectares for coverage (copy herein attached).

Related to this, as discussed during the DENR-CARP 3<sup>rd</sup> quarter assessment on IVAS of DAR survey last October 13-14, 2021, Asec. Joey G. Sumatra of DAR explained that the delay in the coverage of GOLs is brought about by the delay on the issuance of Deed of Transfer (DOT) by the concerned agencies to DAR as required under Joint DAR-DOJ Administrative Order No. 07, series of 2019. As soon as the DOT is issued by DENR to DAR transferring ownership and control over a validated and segregated coverable area in Busuanga Pasture Reserve (*presently under FMB-DENR administrative control per Proclamation No. 663 dated October 14, 2013*), DAR will immediately start the survey of coverable areas.

In this regard, while we understand the region's request on their unused funds on IVAS for CY 2021 and considering the recent development in congress to enact a law extending the validity of the CY 2021 GAA or Republic Act No. 11518 until December 31, 2022 and DAR's survey of coverable identified GOLs areas MIMAROPA and eventual DAR-Region IV-B submission of Survey Returns (SRs) to DENR-Region IV-B for approval in CY 2022. Hence, this office is respectfully recommending not to withdraw the said allotment.

For your information and consideration.

Per CY2021 Work and Financial Plan for Government-Owned Lands (GOLs) under Executive Order No. 75, Series of 2019, the downloaded SAA has a corresponding physical target of 9,260 hectares. JANIE MELENDEZ

Dear Director Sumatra:

This has reference to the letter dated 24 February 2021 of Director James Arsenio O. Ponce, Presidential Agrarian Reform Council (PARC) Secretariat which we received on 13 April 2021 requesting the DENR to submit our FY 2022 Budget Proposals as required by the DBM, the soonest time possible to give the PARC Secretariat enough time to consolidate the CARP Implementing agencies (CIAs) budget proposals for FY 2022.

Relative to this and in order for the DENR to synchronize our proposed IVAS target vis-a-vis DAR's survey target for CY 2022, may we respectfully request that our office be provided with DAR's final proposed survey target for CY 2022.

Relatedly, may we also request the DAR-BLTI to provide our office with the Regional breakdown of the 17,000 hectares of Government Owned Lands (GOLs) as basis by the Department to download the withheld budget intended for the IVAS of GOLs to the Regional Offices. Please be informed that, the 17,000 hectares of GOLs is part of DAR's 43,711 hectares survey target for CY 2021, synchronized with DENR IVAS target under the CY 2021 enacted GAA under CARP.

As your reference attached is the letter from the PARC Secretariat.

Thank you for your continuing support to the DENR's mandates under the Program.

Very truly yours,

  
**ENGR. HENRY P. PACIS**  
National Coordinator
