Description: The Webinar Series II, Module 2 is part of the Foresters' CPD Webinar Series 2 Program which is entitled "Upscaling Forestry Professionals, Ensuring a Sustainable and Resilient Future". The webinar series covers a wide range of topics which include basics and emerging issues in forestry, ecosystems studies, natural resources management, environmental policy and governance. These on-line talks are new normal learning opportunities which enable forestry professionals to acquire new insights and be updated on various subject matters in forestry, ecosystems and natural resources management particularly on wildlife conservation.
