Hello everyone.

I am currently conducting a training needs assessment for PAMB Members of ARNP so that I can propose for budget para sa capacity building for the next years. In this regard, I am sending you the Training Needs Assessment Questionnaire for you to answer. I will collate the data by next week, August 3, 2022 so I would greatly appreciate it po if you can send it back to me on or before that day. Wag po kayo mahiya na maglagay if wala talagang naattendan na training about PA. Para mo malaman natin kung anong capacity building talaga ang need natin in the future. If you have any question po regarding this, please feel free to contact me anytime. Thank you so much and Stay safe!
