SUBJECT: **REQUEST TO PUBLISH AREA AND SPECIFIC LOCATION OF APPLICANTS FOR QUARRY PERMIT**

**Dear ENRO:**

Greetings!

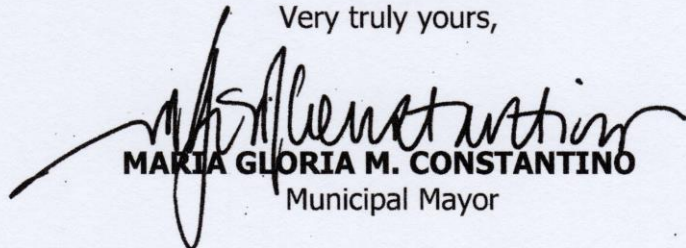

Thank you for informing us of new quarry applicants in our town. To strengthen enforcement and implementation of our environmental protection laws we require the determination of the exact areas and location of each application.

At present permittees have been extracting beyond their authorized areas, extending frequently in critical zones.

Please provide us with an on the ground survey location of these areas including the kind of quarry materials and the volume or amount they're authorized to extract.

We will decide on extending or withholding approval of these applications after being supplied with the data we request.

Very truly yours,
