MEMORANDUM

No. 110 s. 2022

**FOR : RDRRMC MIMAROPA MEMBER AGENCIES
CHAIRPERSONS P/C/M/BDRRMCs MIMAROPA**

SUBJECT : ONSET OF THE RAINY SEASON 2022

DATE : 10 June 2022

Reference: NDRRMC Memorandum No. 078 s. 2022

This has in reference to NDRRMC Memorandum No. 078, s. 2022 dated May 24, 2022 re Onset of the Rainy Season 2022. The presence of Frontal System and the occurrence of severe thunderstorms have brought widespread rains during the last five days in areas under Type I climate and other parts of the country. Moreover, Southwesterly Windflow was also observed during the past few days. This satisfies the criteria of the start of the rainy season over the western sections of Luzon and Visayas.

Intermittent rains, associated with the Southwest (SW) monsoon will start to affect Metro Manila and the western sections of the country. However, breaks in rainfall events (also known as monsoon breaks), which can last for several days or weeks may still occur.

Meanwhile, the ongoing La Niña may still affect some parts of the country, which may increase the likelihood of above normal rainfall conditions in the coming months. In this regard, amidst the COVID-19 pandemic, all concerned government agencies and the public are advised to take the following preparedness measure:

RDRRM Member Agencies	Local Government Units (LGUs)
<ul style="list-style-type: none">• Undertake risk – informed decision making.• Undertake Pre-Disaster Risk Assessment (PDRA) and other related meetings as needed.• Undertake resource inventory and stockpiling as RDRRMC Response Cluster	<ul style="list-style-type: none">• Undertake and implement science and evidence-based decisions within your areas of responsibility (AOR) in the conduct of Pre-Disaster Risk Assessment.• Prepare critical facilities and services.• Maximize the Local DRRM Funds.• Increase capabilities for logistics requirements• Adhere to the LISTO Protocol of DILG
