RECOGNITION AWARDS**

DATE : 17 June 2022

This refers to the effort to showcase the stories ... “Mga Kwentong Klima-likasan Recognition Awards”.

The recognition award is a joint effort of the DENR Gender and Development Office and Climate Change Service. It aims to highlight the good contributions and initiatives that public officers and ordinary citizens are making for a climate of real change.

It is also our participation in the joy of the journey of the Global Good Stories Movement. This movement seeks good stories of people making peace with the Earth.

*“We do not seek to hold people accountable and liable.
We will make them an example,
of the responsible and the sustainable.”*

Selected stories from nominations received will be officially endorsed to the international secretariat of the Good Stories Movement (Normandy, France).

This is to officially request the PENROs and CENROs to search for good stories that care for the Land, Air, and Waters (LAW) of Life. Please send them to our Office using the attached nomination form. The concept note and mechanics are also attached for reference.

We hope to hold the National Awarding event on November 2022 as part of the National Climate Change Consciousness Week. May we respectfully request for your nominations not later than October 14, 2022.
