

2. Proposed Management Interventions

Issue 1	Barangay boundaries / Patrolling/CEPA
Municipality	<ul style="list-style-type: none"> Sta. Cruz & Torrijos
Recommended PAMB Action	<ul style="list-style-type: none"> -Prepare map showing the identified boundaries of Brgy. Masalukot and Tambangan, Sta. Cruz. - Prioritized the resident of Brgy. Masalukot if the project of DENR falls in their barangay. - Closely monitor the BMS areas including adjoining vicinities (Brgys. of Nangka & Sibuyao, Torrijos) to prevent illegal activities that will affects biodiversity in the area. - Regular conduct of Comunication, Education and Public Awareness (CEPA) among stakeholders during the conduct of LAWIN and regular patrolling.
Supportive BMS Information	<ul style="list-style-type: none"> - FGD outputs are actively participated by the Community Monitoring Group (CMG). -They shared their knowledge with regards to biodiversity status in the area. -Some felled trees near the 2-km. transect line due to previous typhoon that hit the province is still present in the area.

Issue 2	Prevention of wildlife hunting, timber pouching & gold panning
Municipality	Sta. Cruz, Torrijos & Boac
Recommended PAMB Action	<ul style="list-style-type: none"> - Closely monitor the hot spot sites including adjoining vicinities to prevent illegal activities e.g. gold panning, kaingin, timber pouching, etc. - Regular conduct of Comunication, Education and Public Awareness (CEPA) among stakeholders during the conduct of LAWIN and regular patrolling. -Provision of sustainable livelihood programs for the stakeholders. -Coordination from partner agencies e.g. Provincial Government, Academe, CDA, DOLE, DOST, DTI, DSWD, and/or private entities regarding livelihood projects.
Supportive BMS Information	<ul style="list-style-type: none"> - Photodocumentation shows that no further expansion and kaingin has been noticed in the area. - Per FGD and 2-km. transect walk observations on flora & fauna shows increasing/improving.
