Dear *RED Claudio*:

We trust that you are well and in good spirit!

This relates to the hearing conducted on 16 March 2022 wherein the defendant Marcopper Mining Corporation presented the testimony of their witness, Mr. Marlon V. Advincula, identifying thereto a Cadastral Map or Sta. Cruz Public Land Subdivision PLS-726-D Case No. 10 and other documents purporting to originate from the DENR, which tends to show that Lot No. No.-8, plan PSU 106364 as embodied in Transfer Certificate of Title (TCT) No. T-1339 is not part of Timberland Block "T."

In order to refute the allegations of Marcopper's witness, and as suggested by the court, may we respectfully request to nominate a rebuttal witness from your good office, preferably Engr. Anita L. Iringan, who is a geodetic engineer, to be presented as our rebuttal witness on such date to be determined by the court. Be it noted that after the presentation of the last witness for Marcopper on 21 April 2022 at 8:30 a.m., the rebuttal witness is expected to testify on the next scheduled hearing.

As part of the preparation of the said witness, we are transmitting the Judicial Affidavit of Mr. Marlon V. Advincula with attachments for your reference.

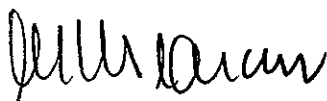

You may reach for further inquiries State Solicitor I Philander L. Turqueza or SADAS V Sherlyn Vee De Vera, this office, with the following numbers: Landline 8988-1674 loc.738, Mobile 0917-7133389.
