Dear **Ms. Michaela Rongavilla**,

Warm greetings from SIBOL!

One of the SIBOL's major activities in its second year of implementation is to build the capacity of the partner agencies, especially the key stakeholders and the PA managers. The capacity to develop and maintain the accounts will be built at the agencies that are primarily responsible for generating and consolidating the data. This will lead to the formulation of long-term economic policies and economic incentives that enable sustainable management of natural resources and promote positive environmental behavior among its managers and users.

As such, SIBOL would like to invite you, as a representative of the **Department of Environment and Natural Resources (DENR) MIMAROPA**, to attend the face-to-face **Workplan Development for Terrestrial Ecosystem Accounting and Services Valuation** on **April 19 to 20, 2022** in **Puerto Princesa City, Palawan**. Flight booking tickets, land transportation (for reimbursement), hotel accommodation, and meals during April 18 (dinner) to April 20 will be provided by SIBOL. Kindly confirm your attendance by answering the [online attendance form](#) on or before **April 8, 2022**.

Please find attached herewith the official letter that further details this invitation.

We look forward to your positive response.

Warm regards,

For. Freddie S. Palermo | Research Associate
