Dear Director Ferrer:

One of the publications being compiled and consolidated by Philippine Statistics Authority is the Statistical Handbook on Women and Men (WAM) in MIMAROPA. Gender statistics are indispensable in planning, decision-making and monitoring of Gender and Development (GAD) programs and projects at the subnational level.

The Handbook on WAM in MIMAROPA which is being released annually presents the latest available gender statistics through tables and charts. This year, PSA aims to release the fifth version of the aforementioned publication.

In this regard, may we respectfully request sex-disaggregated data from 2019 to 2021.

Attached is the worksheet of the needed data for your reference. In addition, may we also request for the metadata of the requested indicators.

For any clarification, you may contact us at (043) 286-7491; 09292362711 or email to psamimaropa@yahoo.com, cc: statisticsr4b@yahoo.com.

We would appreciate if you could send us the accomplished worksheet on or before **25 March 2022**.

Thank you very much

For RD Leni

Respectfully yours,
carol
