Dear **Dir. Lormelyn E. Claudio**,

Greetings in St. La Salle!

I am Vivia O. Pepingco, an undergraduate student taking BS Biology at De La Salle University. As part of the requirements of my practicum course, I am compiling reports and resources on crown-of-thorns-starfish (COTs) across the Philippines.

Attached to this email is a letter of request for information on COTs in your region. With your assistance, I hope to shed more light on the environmental impact of COTs in our seas and the different methods for controlling their populations.

Thank you very much for your time.

Sincerely,

**Vivia O. Pepingco**  
BS Biology Student  
De La Salle University
