ATTY. EMELYNE V. TALABIS

Acting Director, DENR LMB
880 F.R. Estuar Building, Quezon Avenue,
Barangay Paligsahan, Quezon City

Dear Atty. Talabis:

Greetings!

This pertains the proposed establishment of Naujan Lake National Park (NLNP) as full-fledged protected area under ENIPAS. Part of our priority work is the identification and determination of the extent of existing and/or vested property and/or private rights within NLNP. The lands referred here are those with issued Certificate of Titles, Patents and/or application for titling.

Related thereto, may we respectfully request the shapefile of CAD 200 and Land Classification maps of the municipalities of Naujan, Pola, Victoria and Socorro, Oriental Mindoro which cover the jurisdiction of Naujan Lake National Park.

The data we are requesting are vital for the assertion of NLNP as a proclaimed Protected Area specifically under the category of protected landscape which primarily aims to conserve and protect all biological components of the area as well as to harmonize the living of man with its environment.

We are hoping for your favorable response to this request.

Thank you and God bless!

In conservation,

RODEL M. BOYLES
CENR Officer
