Good day! Is there any update on this now? When will I receive the Gratuitous Permit? My thesis co-adviser also wants to ask if anyone from DENR was interested in my study to help me do the sampling which is planned in January. Sorry for the inconvenience. Thank you so much.

Good day!

Hi, I'm Patricia Ashley Rosales, and currently a 4th year BS Biology student at Adamson University. I will be conducting a research entitled "Diversity Assessment of Mangrove Species in Ipil Water Park, Santa Cruz, Marinduque, Philippines". I would like to request for a Gratuitous Permit to allow me to collect the leaves samples of mangrove tree in Ipil Water Park, Santa Cruz, Marinduque. Since it is required for the collection of leaves of mangrove trees.

I already submitted the hard copy of my approved thesis proposal and endorsement letter in DENR-Roxas Boulevard, Ermita, Metro Manila on Oct. 27, 2022. Is there any update? I will also submit here my soft copy of my thesis proposal, clearance from LGU and also, proof of receipt of my endorsement letter. Please see the attached file.

Please let me know if there are other requirements for the Gratuitous Permit. Your response will be highly appreciated. Thank you so much.
