Good day!

I am Andrei Yvone R. Ricohermoso, a 3rd year B Landscape Architecture student of the University of the Philippines-Diliman. I am writing this letter to request for Mt. Guiting Guiting's Management Plan or any related documents. We are currently studying about Geographic Information Systems (GIS), specifically QGIS, and are tasked to create thematic maps of a protected area or landscape in the Philippines for our major plate. Below is a copy of the mentioned activity. The management plan will be a great help in completing my initial research about the protected area and will significantly aid in the construction of the maps. If you have any questions or concerns, please do not hesitate as I would be glad to answer them. Rest assured that the management plan will be used only for research and educational purposes. Would love to hear from you as soon as possible, thank you and God bless.

Sincerely,  
Andrei
