REGIONAL
CHAMPIONSHIPS

CHAMPIONSHIPCH

This bulletin serves as a guide on the regional Philippine Statistics Quiz (PSQ) organization and other matters relative to the conduct of the 26th PSQ Regional Championships.

REGIONAL PSQ ORGANIZATION

An official PSQ Regional Steering Committee shall be formed in each of the 17 regions where the Regional Championships will be conducted. The Committee shall be chaired by the Philippine Statistics Authority (PSA) and co-chaired by either the Philippine Statistical Association Inc. (PSAI) or the Department of Science and Technology (DOST) Regional Director.

Representatives from Commission on Higher Education (CHED), National Economic and Development Authority (NEDA), Department of Labor and Employment (DOLE), Department of Education (DepEd), Commission on Population (POPCOM), Regional Statistics Committee (RSC), and from other government and private agencies in the region may be invited to be members of this Committee.

The PSQ Regional Steering Committee shall create subcommittees, as may be needed, and shall appoint a Board of Judges for the Regional Championships composed of at least three members. The number of Judges should be odd to allow for breaking ties. Members of the Board of Judges should not come from the academe. As much as possible, the Technical Committee representative to the regions should not be assigned as a member of the Board of Judges.

REGISTRATION PROCEDURES

All contestants must register with the PSQ regional organization using the prescribed application form on or before the given regional deadline.

The contestants should submit the following documents before the contest:

PSQ Information Sheet with half-body photo in white background

Certification of enrollment as a college freshman for the School Year (S.Y.) 2022-2023

Proof of enrollment for the S.Y. 2022-2023

Official endorsement by an official of the academic institution where the contestant is enrolled

High School diploma

The PSQ Regional Steering Committee may require other documents to ensure that the contestant is qualified. To reiterate, the 26th PSQ is open to all Filipino first-time college freshmen currently enrolled for the School Year 2022-2023 in any recognized tertiary academic institution in the country. First-time college freshmen are those who have enrolled for not more than two semesters or two trimesters in college.

CONTEST DAY PROCEDURES

All qualified/official contestants and their coaches must register prior to the official start of the contest program. Contestants and coaches will be issued official identification numbers for reference purposes.

Only coaches who are properly registered will be allowed to make clarifications or raise questions during the contest proper.

The Regional Championships shall follow the same procedures as the national finals. There will be three sequential rounds – first round, second round and third round. The PSQ Technical Committee representatives to the regions will bring the questions, the contest mechanics and procedures during the Regional Championships.

They are also required to bring back to Manila the information sheets and profile of the regional winners.

Contestants may use scientific calculators during the contest proper. These should be properly registered with the PSQ Regional Steering Committee prior to the start of the contest.

SCHEDULE OF THE REGIONAL CHAMPIONSHIPS

The 26th PSQ Regional Championships will be held at the regional centers designated by the PSQ Regional Steering Committee on 14 November 2022, 01:30 PM.

The 26th PSQ Regional Championships are designed to determine the Regional Champion for each of the 17 regions nationwide.

The Regional Champion will be the region's representative to the 26th PSQ National Finals to be held on 06 December 2022 in Metro Manila if he/she meets the cut-off cumulative score set forth in the Contest Mechanics

Supplementary selection procedures for identifying regional contestants may be prescribed by the PSQ Regional Steering Committee. For example, provincial level eliminations may be prescribed.

If provincial eliminations will be conducted, the provincial winner(s) shall be deemed as the official contestant(s) to the 26th PSQ Regional Championships.
