Greetings!

The BMB, through the **BD Corridor** National Project Management Unit (NPMU), is organizing a workshop on the **Harmonization and Consolidation of Thematic Maps for the Mindoro and Eastern Mindanao Biodiversity Corridors** to be held on **20-21 October 2022** within Quezon City (exact venue TBD).

The objective of this workshop is to review existing, current, and recently generated maps from various agencies to be able to generate a One Control Map for the BD Corridor Project and generate a GIS-based decision support system for the management of the corridors.

In line with this, we are inviting your office to send representatives to attend this workshop. Kindly see attached unsigned memorandum and activity design (as advance copy) for more details on the workshop and your participation. Will send signed copies as soon as available.

Thank you very much!
