Good day!

It has come to our attention that there is some uncertainty in various regions about what defines the **means of verification (MOV)** on the indicator of what should be deemed the **accomplishment of ADROs in conducting the Alternative Dispute Resolution (ADR) process**.

In this regard, the Committee reiterates that the fact of **actually conducting the ADR proceedings**, whether successful or not, should be the MOV on what should be regarded a success in conducting the ADR process. The submission of their ADR Report can serve as evidence of their success.

Kindly review the attached memorandum on the matter for a more comprehensive explanation.

Feel free to contact us for any clarification. Thank you!
