**TO : CALABARZON and MIMAROPA Regional and Provincial Line Agencies
and Local Government Units (LGU)**

Dear **Sir/Madam:**

Greetings from the Department of Information and Communications Technology Regions IV-A and IV-B!

In line with the increasing threats in the cybersecurity landscape, the DICT Regions IV-A (CALABARZON) and IV-B (MIMAROPA) are determined to reinforce the digital security of our partner's critical information infrastructure. With this in consideration, we have designed a free specialized online webinar series on the **"Foundations of Computer Emergency Response Team (CERT) Operations"** to upskill the personnel of our partner organizations thus enabling them to serve as cybersecurity champions in their offices.

The webinar series on **"Foundations of Computer Emergency Response Team (CERT) Operations"** is scheduled to discuss one module per week on the month of **November** with details as follows:

Webinar Title	Schedule
Module 1: Cyber Threat Landscape	November 09, 2022 at 8:00AM-12:00PM
Module 2: Incident Management	November 16, 2022 at 8:00AM-12:00PM
Module 3: Vulnerability Management	November 23, 2022 at 8:00AM-12:00PM
Module 4: Cyber Threat Monitoring and Prevention	November 29, 2022 at 8:00AM-12:00PM

In this regard, we are extending our invitation to **two (2) personnel** from your office/LGU to join us in this endeavor. To maximize the training offering, may we request that the designated representatives have an IT background or working experience in the IT sector and can simultaneously serve as your office's official Cybersecurity point persons with whom the DICT can get in touch for any future cyber-related trainings or concerns. The participants are requested to fill out the registration link on or before **November 7, 2022** via <https://bit.ly/R4CERTNovember>. After registration, participants will receive a confirmation email containing the information about joining the Zoom meeting.

Should there be a need for clarification or inquiry, please do not hesitate to contact us through our respective Cybersecurity Focals:
