Dear Director Claudio,

I hope this email finds you well.

For the past several months, the *Community, Conservation and Natural Climate Solutions (CCNCS): Mantalingahan Landscape Conservation Project* has established partnerships with government and non-government stakeholders in the project sites, finalized its workplan, and secured the Free, Prior and Informed Consent of seven ancestral domains and the endorsements of local government approval in non-tenured areas.

As part of our continuing engagement with the Forest Management Bureau, we would like to update you with details of our progress and discuss ways and means of working together in this project. Attached herewith is an invitation letter for **a 2½-hour meeting at your convenience on October 12 or 13, 2022** to discuss final sites and workplan, as well as provide updates on our activities.

For confirmation or questions, please do not hesitate to reach us by replying to this email or by contacting me at **0968 863 4467**.

We look forward to hearing from you.

Sincerely,

Paula Patricia Vila

National Coordinator

Community, Conservation and Natural Climate Solutions Project
