Dear All,

Thank you for those who have already confirmed by filling up our online registration form.

We just would like to raise some concerns:

1. As our standard protocol and for us to justify any changes in the SO, we will be expecting a Memo from concerned field office providing justification for change/absence/substitute of participant;
2. To achieve the purpose of our event successfully, all participants need to be ISA or, if none available, at least with GIS capacities;
3. Due to the recent problem of break down of vehicle in DENR Central Office, we have encouraged each one to utilize own vehicle meantime. We still have received several who have requested for transportation from DENR Central Office to venue of activity and vice versa. With this, we presume that those who still requested really do not have any transpo available from their field office. We will try our best to look for a vehicle that is spacious enough to accommodate those who really do not have a vehicle from their field office; and
4. Please see attached excel reflecting the above concerns. Also, may we ask for those concerned (highlighted in the excel) to answer the questions (please see 'LEGEND' box at the bottom of the excel) for clarification and send back to us.

We hope that our above concerns will be addressed promptly for us to have a smooth and meaningful program.

Thank you!

Dear All Participants,

In the interest of time and for us to be able to take the next action steps for our preparation of venue accommodation and creation of RBIIMS user accounts, may we kindly ask all confirmed participants to fill up the online registration form at <https://bit.ly/3TV0sy6> that was provided in the Advisory not later than **tomorrow, Thursday, 8 September 2022**.

Thank you to those who have already filled up the online registration form. We just noticed that the multiple choice part on data preparation for the population in the RBIIMS was not filled-up by some. We would like to encourage each one to accomplish all the parts of the online registration form completely. Most importantly, may we remind you that it is crucial to bring the relevant, valid, and most up-to-date data that you have and can be used to populate the RBIIMS as this will be part of our exercise and one of our outputs in the workshop.

Thank you very much.

Dear everyone,

Good day!

Please find attached Memorandum Advisory for Roll-Out of Web-Based RBIIMS for Luzon Cluster on 14-16 September 2022 in Pampanga, for your information and guidance.

Also attached is an advance copy of the Special Order, for your reference.

Finally, please be reminded that all confirmed participants need to accomplish the online registration form at <https://bit.ly/3TV0sy6> as indicated as well in said Advisory.

Thank you.
