Dear **Ma'am Lormelyn Claudio**,

Good day!

The College of Forestry and Natural Resources and the College of Economics and Management, University of the Philippines Los Baños, are currently implementing the project "*Valuation and Accounting of Ecosystem Services (VALUES) Lab: Building Capacity for Sustainable Forest and Natural Resources Management*".

The project aims to strengthen capacity in the valuation and accounting of natural capital and ecosystem services in support of developing interventions for sustainable forest and natural resources management. One of our activities is the conduct of training courses for VALUES researchers and practitioners from higher education institutions, R&D consortia, national government agencies, local government units, students, and non-government organizations.

In this connection, we would like to request your office to inform us if you would like your staff to participate in the training courses that we will conduct (mostly online) and the topics or areas that you would like capacitation in. Attached here is our letter and the TNA google form link.

We will appreciate it if you can submit your response on or before 21 April 2023. If you have any queries, kindly send an email to For. Irene Mae C. Baldosano <icbaldosano@up.edu.ph>. Thank you very much!
