Madam:

In line with the implementation of DENR DAO 2020-12, entitled Rationalizing Dredging Activities in Heavily Silted River Channels Within the Province of Occidental Mindoro, the IAC has issued Resolution No 17 Authorizing the River Mouth Deposit Removal within the Heavily Silted River Channels of Occidental Mindoro, a copy of which we have enclosed.

In line with existing administrative guidelines, we have requested ARTA to assist us by way of conducting a Regulatory Impact Assessment Review on the said Resolution which involves a number of agencies in coordination with each other for proper implementation. The DENR's legal opinion on the matters discussed in the Resolution will be appreciated.

We look forward to a seamless implementation of the above resolution.

Sincerely,

**EDUARDO B. GADIANO**
