Greetings!

This has reference to our letter dated 17 February 2023 regarding our request for the most recent datasets, including reports and statistics, on the tenure instruments for the forestry sector and National Greening Program (NGP) sites.

As recommended by the DENR-FMB, we are humbly requesting your good office for the provision of the abovementioned datasets, ideally in spatial formats (i.e., shapefile, KMZ file, geotagged photos, etc.). These datasets will be used by our Department in the identification of potential sites and areas for future expansion and urban development, as well as in the process of land use planning and the conduct of technical assistance to LGUs in the integration of forestland uses in their respective comprehensive land use plans (CLUPs).

Attached in this email are the reply letter from DENR-FMB and the initial request letter we've sent for your reference. Should you have any questions or clarifications, please do not hesitate to contact us through this email.

Thank you for your consideration and looking forward to your positive response.

Best regards,

Charmaine Jeremy Galarosa
