Dear RED Claudio,

Environmental greetings!

Northwest Panay Peninsula Natural Park (NPPNP) is a legislated protected area thru Republic Act No. 11038 or the Expanded Integrated Protected Area System Act of 2018. The protected area is located in the northern tip of Panay Island. The NPPNP is in the provinces of Antique and Aklan comprising five (5) municipalities namely Libertad, Pandan, Nabas, Buruanga and Malay and twenty-four (24) barangays and is managed by NPPNP Protected Area Management Board (PAMB), its highest policy and decision-making body.

Anent thereto, we would like to inform you that our good office will be holding a NPPNP PAMB Capacity Building which aims to capacitate the NPPNP PAMB on the best practices on protected area specifically Management schemes on biodiversity conservation, law enforcement implementation, harmonizing and strengthening linkages with Indigenous Peoples (IPs) and different stakeholders.

In line with this, we humbly invite **Protected Area Superintendent (PASu) Hector Aragon of Mts. Iglit-Baco Natural Park** to share his knowledge and expertise on the above-mentioned topic on May 04, 2023 at Tingib Beach Resort, Barangay Tingib, Pandan, Antique.

We would greatly appreciate your positive response on this invite. Thank you for your support towards better management of Northwest Panay Peninsula Natural Park for todays and generations to come.

If you have questions please do not hesitate to contact us thru nppnp.denrcenroculasi@gmail.com or at our Facebook page: Northwest Panay Peninsula Natural Park.

Yours truly,

JONNE L. ADANIEL
NPPNP PASu designate
