MEMORANDUM

FOR : The Regional Executive Director
DENR-Region 4B

FROM : The Director

SUBJECT : **MONITORING AND MENTORING OF THE ERDB
VULNERABILITY ASSESSMENT (VA) TEAM**

This pertains to the monitoring and mentoring activities of VA regional implementers for CY 2023.

Relative thereto, please be informed that an ERDB team of three (3) will be visiting your area of jurisdiction specifically PENRO Occidental Mindoro and PENRO Oriental Mindoro on 04-08 September 2023 (inclusive of travel) to monitor and assess the accomplishments and milestones of VA implementation in the region. During the visit, we hope to meet the region's VA team to discuss their accomplishments, so far, as well as problems encountered. Mentoring of regional VA teams on map analysis and generation will also be done during the activity.

Furthermore, the team will also be requesting copy of the shapefiles from the accomplished Watershed Characterization cum Vulnerability Assessment report and copy of the accomplished and approved Integrated Watershed Management Plan report (if any) conducted by the region since the 2018 technology transfer rolled out. The collected files will serve as an input to be consolidated in the database created by the ERDB-VA team.

We would also like to seek your assistance in coordinating with local government units for any consent or health and safety requirements for the access of the team in the area. Likewise, please assist our team in finding a safe and secured accommodation during their travel period. With this, we enjoin your cooperation in ensuring health and safety of everyone, including your staff, who will be involved in this activity.

FOR YOUR CONSIDERATION AND INFORMATION, PLEASE.

MARIA LOURDES G. FERRER, CESO III
