Dear Felix S. Mirasol, Jr., CESO IV,

I trust this message finds you well. I am writing to bring to your attention a matter of grave concern regarding fraudulent land transactions orchestrated by an individual named Meriam Ocampo, representing Meri_Yam Et. Al.

Upon thorough investigation, it has come to our knowledge that Ms. Ocampo has engaged in unscrupulous activities, including but not limited to:

Selling land under several fraudulent titles certified by the Department of Environment and Natural Resources (DENR) Palawan.	Conducting land transactions without a valid license for real estate brokerage.	Selling land without proper authority involves elements of illegality and bribery with local government officials.	Selling environmentally protected land with the intent to industrialize it into well-developed property.
---	---	--	--

I, Mr. Porisima, am a victim of Ms. Ocampo's deceptive practices. I am compelled to inform you that she has sold the same parcel of land to multiple parties, leading to significant legal complications.

Regrettably, despite our focus on this matter for almost two months, the DENR officer responsible for the land in question has shown a lack of initiative to address the issue and coordinate with Mr. Friginal from Human Settlement.

In light of the above, and recognizing the gravity of the situation, I have taken the liberty to involve both yourself and the Civil Service Commission to address and rectify this matter promptly.

I kindly request your intervention and assistance in resolving this issue to ensure justice is served and prevent further victims from falling prey to such fraudulent activities.

Thank you for your immediate attention to this matter.

Sincerely,

-Porisima Victim
